

The Coastline ROP Board of Directors Select Dr. Brian Dozer as Coastline ROP's New Superintendent

The Coastline Regional Occupational Program Board of Trustees is pleased to announce the selection of Dr. Brian Dozer as superintendent of the ROP effective February 1, 2022.

Dr. Brian Dozer has been the President of Vital Link, a 501c3 nonprofit dedicated to college and career exploration in career technical education since February 2020. As President, he led and managed the Vital Link team and oversaw strategy, marketing, fundraising, human resources, accounting, and IT. Through his work at Vital Link, he collaborated with educators throughout Orange County and the Inland Empire on college and career exploration and workforce development, with a particular focus on raising awareness of Career Technical Education (CTE). Professionally, Dr. Dozer is involved in multiple CTE and workforce development committees and serves on the Board of Directors of Leadership Tomorrow.

Dr. Dozer previously was Executive Director of Webster University's Irvine, CA campus, which focuses on adult learners earning completion bachelor's degrees and master's degrees. He also served as an adjunct faculty member at the campus, teaching Management, Organizational Behavior and Leadership courses.

Prior to transitioning into the education sector, Dr. Dozer spent 20 years in advertising and marketing sales with various media organizations, primarily at television stations. Most of his tenure in advertising and marketing was in sales management and sales training. He holds a Doctor of Management degree from Webster University and earned an MBA from Pepperdine University and a BA in Telecommunications from Indiana University.
